THANK YOU for supporting K9s 4 Mobility's mission of enriching the lives of others through the training, placement and support of Assistance Dog Partnerships! This year you helped three people with a physical disability achieve their independence through an Assistance Dog.

YOU made it possible for us to select four additional dogs that will be trained and placed in 2019, changing the lives of their partners forever. EVERY DONATION makes a difference!

THANK YOU for telling all your family and friends about how K9s 4 Mobility Assistance Dogs improve people's lives. The breeder donates the puppy as a giving gesture and may not realize that other breeders are watching and deciding to follow their lead. The Puppy Raiser volunteers to provide a loving and structured home for the puppy for the purpose of producing a future Assistance Dog and may not realize how many people they have inspired or affected while doing so. The trainers provide the skill tasks and discipline for the dog to become an Assistance Dog and may not realize how many people have watched in awe and admiration of the transformation. The partner of the Assistance Dog celebrates how much independence the dog brings to their lives and may not realize the relief experienced by their family and friends knowing their loved one is safe.

This year we are asking our supporters to consider making a monthly donation of \$50, \$100 or any amount that is significant to you. You may choose to write that check each month, set up an automatic donation through your banking institution or use a credit card through our website donation site. The monthly donations allow for those routine purchases that occur each month such as; dog food and treats, cat food and litter, cleaning supplies, fuel for traveling, preventative healthcare and maintenance on the building and mobility equipment.

YOU may also choose to include K9s 4 Mobility as a beneficiary for your IRA, life insurance or other financial planning. Talk with your financial advisor to find out how your future donations to K9s 4 Mobility can be beneficial to you and your family. The K9s 4 Mobility endowment fund is also available to receive your donation.

Every donation makes a difference and we hope to count on your support, whether it's a one-time end-of-the-year donation, a recurring monthly donation or inclusion in long-term financial planning.

EVERYONE is enriched by these K9s 4 Mobility dogs, touched in some way through inspiration, encouragement or comfort. YOU made this possible and we can't say THANK YOU enough!

With Gratitude,

Michelle Woerner
CEO, K9s 4 Mobility
